

- 1. Choose what type of body of water in which to hold your Tournament.
- 2. Choose your Tournament Competitors and place them on the Scorecard.
- 3. Roll 1d6 to determine whether this will be a Bad, Good or Great Fishing Day.
- 4. Place the appropriate Fish Tokens on the Game Board.
- 5. Place the Three Drama Chart Tokens on the Game Board.
- 6. Beginning with the first Player, roll 2d12 or "Cast" the number of times dictated by their Casting Accuracy Rating (If their Rating is 4, they get 4 chances to catch Fish for that Round).
- 7. If the cast does not land on a Fish filled Fishing Hole, that is a missed cast. When a cast lands on a Fish Symbol, look at the appropriate Fish Chart and roll for the weight of the fish. The different Charts represent the different types of bodies of water that you have chosen to fish in.
- 8. Write down the weight of each Fish Caught.
- 9. Remember to roll or "cast" for each Player the number of times that correlates to their Casting Accuracy Rating.
