Results: **ACC = Accidental**

INT = Intentional

An Accidental Foul does not punish the Fighter. The Referee gives a warning.

Only TWO Accidental Fouls are allowed per Fighter. After Two, Each will be considered INTENTIONAL.

An Intentional Foul stops the Round and the Opponent wins the Round!

A SECOND Intentional Foul results in the Referee stopping the fight giving the Opponent the victory.

If an Accidental Foul causes the fight to get stopped due to a cut, the bout will be ruled a "No Contest" if the Bout has gone less than 4 Rounds.

If 4 or more Rounds have been completed, the Judges Scorecard will determine the winner!
